### DISADVANTAGE:

- *There is no disadvantages with the Loksabha. There are some problems like disruption of the proceedings by Congress members and other members. Some members never participate in the debates and proceedings. These members should be admonished to be active in Loksabha. The rules are too rigid on facts and figures.*
- *Many members are afraid to raise issues or make statements due to fear of mistakes in facts. That system should go and members should be allowed to speak from their heart. Whip and party guidelines also stop the expressions of some members.*
- *Many improvements are needed there. The most important one is about the No Confidence Motion. The PM is the most powerful person in India. But he is liable to loose confidence every six months. He should be elected by the members of Loksabha for a full term of five years. The MPs need not be Ministers on regular basis. Professionals should be made ministers and should be approved by the Loksabha as done in USA and other countries. Then the Loksabha may fulfill its formation in the country.*
